The proliferation of printers in the last decade leaves the business owner in somewhat of a dilemma. The dilemma being, where are my printers and how much are they costing? The Gartner Group has said that companies spend between 1-3% of revenue on document output; 90% of those same companies have no idea of what they are spending. Other issues confronting businesses today involve both the necessity to inventory supplies which is both time consuming & expensive and service for a printer in the event of trouble.

The Xerox PagePack Program offers a wide range of available printers and service packages to meet your exact requirements. Whether you're concerned with initial acquisition costs or need low price-per-page for high-printing volumes, we can craft a PagePack Service and Supplies Plan to suit your specific needs.

Predictable Costs

PagePack provide regularly-scheduled invoices from a single source, giving you clear visibility of total printing costs and enabling you to accurately budget for your office printing.

Any page volume above your monthly page commitment is a predictable fl at rate per page.

Always-Ready Supplies

PagePack Assistant monitoring and the unique PagePack online tool let you order supplies when you need them. They'll be delivered directly to your door.
